Profile

Passionate game developer and multimedia artist with 5 years of experience in using Unity and C# programming, backed by 5 years of 3D modeling experience. Successfully delivered multiple independent game projects while maintaining academic excellence in Entertainment and Multimedia Computing. Combines technical proficiency with artistic skills to craft rich, interactive game experiences, with demonstrated ability in both 2D and 3D game development.

Skills

Technical: Unity, C#, Blender, Maya, Photoshop, Illustrator, Substance Painter, HTML, CSS, JavaScript, PHP, MySQL

Soft: Attention to detail, Problem-solving, Collaboration, Creativity, Time Management, Adaptability & flexibility, Receptive to feedback

Work Experience

Game Developer Intern, BCE Entertainment Production

January 2026 - April 2026

Student intern in Game Development Department

- One of the core developers that built a game from scratch using Unity and C#.
- Developed gameplay systems and core mechanics while collaborating with developers and designers using Git and ClickUp.

Game Developer Intern, Mindlink Games Philippines Inc.

September 2025 – December 2025

Student intern in Game Development Department

- Developed new game features and fixed bugs using Unity and C# for a live mobile game.
- Collaborated with developers and designers using version control and task tracking tools.

Freelance Graphic Artist, Self-Employed

April 2019 – May 2022

- Produced graphic design, photography, videography, 3D modeling, rendering, and animation assets for various clients.
- Worked with clients including Kyla and Blanche, The Tagline Group, Singapore International School of Bangkok, Coolab Concept Studio, and OneZo Tapioca.

Education

CIIT College of Arts and Technology

2021 - 2026

- Bachelor of Science in Entertainment and Multimedia Computing, GPA: 3.82

Key Projects

“ST:AIN”

2025

- **Lead developer, sole programmer, 3D artist, UI artist, and animator** for a collaborative 3D third-person game project. Implemented intuitive code for level designers.

“Sudoku Showdown”

2024

- **Independently developed** a 3D couch party game inspired by Sudoku using Unity 3D and C#. Implemented backtracking and local multiplayer functionality.

“Interweave”

2023

- **Modeled and textured all 3D assets** utilizing Blender 3D, Photoshop, Substance Painter, and Unity for a collaborative horror VR game project inspired by the CIIT College of Arts and Technology Campus.

“Mistake”

2023

- **Lead developer and programmer** for a collaborative 3D story-based game project. Designed 3D map models and developed event branching mechanics.

Achievements

CIIT's 3rd Inabel Awards Winner

2026

- Led the development of “ST:AIN”, a 3D third-person collaborative game for PC and mobile addressing Solid Waste Management issues through gameplay and narrative.
- Winner, Interactive and Immersive Game Innovation Award and Kabataang Tagapagtaguyod ng Pandaigdigang Layunin Award.

Consistent Dean's Lister, CIIT College of Arts and Technology

2021 - 2025

- Consistently achieved Dean's List honors, demonstrating academic excellence in Entertainment and Multimedia Computing.

CIIT's 2nd Inabel Awards Winner

2024

- Developed a web application prototype “CIIT's Sales Handling for Organizations Portal”.
- Winner, Gawad Inabel CIITzen TrailBlazer Award.

First Placer in TechnoOlympics: Code Wars 2019, JSMJC Acadaymia Code Wars

2019

- Won an interschool coding competition, highlighting problem-solving abilities and coding proficiency.

“Pansin” - Award-Winning Short film

2019

- Won an interschool short film competition and received awards for Best Short Film, Cinematography, Visual Effects, Sound, and Editing, demonstrating skills in visual storytelling and post-production.
